Dr. Robert Topp to Be Speaker for A.T.H.S. Commencement June 5

Baccalaureate Service June 3, L. H. Messersmith to Be the Speaker

Graduation exercises for Antioch Township High School seniors will be held at 8 p.m. Tuesday, June 5 in the school gymnasium.

Dr. Robert Topp, professional lecturer, will be the speaker and will have as his subject, "Let Your Conscience Be Your Guide."

The Rev. Edmond Hood of St. Ignace Episcopal Church will give the invocation, and the combined choruses of the school will sing. The list of graduates will be determined tomorrow.

The baccalaureate service is scheduled for 8 p.m. Sunday, June 3 in the high school auditorium. The Rev. L. H. Messersmith, pastor of the Millburn Congregational Church, will give the address. His subject will be "A Sensible Alternative."

The a cappella choir under the direction of Louis Chenette will sing two songs. The Rev. John Barbee of the Lakeland Baptist church will give the invocation.

This will be the forty-first commencement for Antioch Township High School.

Sequoits Bow to Rams Split With Fenton High And Lose to Glenbrook

Antioch High split a double header with Fenton of Bensenville Monday, but lost to Grayslake there yesterday 5 to 2.

The Sequoits will go to Palatine tomorrow and will bring the season to a close next Tuesday with Elmhurst playing here. Antioch has won five games and lost seven.

Against the Rams the Sequoits started out strong, scoring two runs in the first inning, but after that Peregrin, Ram pitcher kept the hits so well scattered that all runners died on base.

Antioch's scores were made when Larson singled and went to second on Parker's single. Walsh sacrificed to second and third, and both scored on Meyer's single to left.

Grayslake scored one in the first when Gurley singled to right and took second on Christensen's over-throw. Hunziker singled to center, scoring Gurley. Wood singled to center, but Hunziker was out on Parker's perfect peg to Swanson at third.

Grayslake tied the score in the third after Herbert took first on a fielder's choice, stole second and later scored on Wood's single to center.

The Rams won the game in the fifth when after two outs, singles by Herbert and Peregrin, and Hunziker's walk filled the bases. Wood was hit by a pitched ball, forcing in a run. Rivita walked, forcing Peregrin across, and Hubert singled to left scoring Hunziker.

Antioch had two runs, seven hits and one error and Grayslake 5 runs, 8 hits and 1 error. Batteries were Deppe and Meyer, Peregrin and Hunziker.

The Sequoits broke even in their double header with Fenton of Bensenville Tuesday afternoon. The rain storm ended the second game after five innings with Antioch on the long end of a 11 to 3 score.

The first game went to Fenton 5 to 1 as the result of Busse's superb pitching. The Bison moundsman held the Sequoits to two hits, struck

L. Villa Rescue Squad Ready for Action on Next Monday, May 28

Lake Villa—The Lake Villa Rescue squad has reached its goal of \$5,000 and will begin providing its service Monday through use of an ambulance truck purchased from the Antioch Rescue squad.

Henry Ploss, chairman of the fund raising committee of the Lake Villa Men's club, said the sponsoring organization is quite pleased with the response of the area in donations to the fund.

The alarm siren has been placed at the village water tower and a telephone is to be obtained, the number of which will be announced later.

John Schueler has been elected captain of the 11-man squad; Willard Schneider is first lieutenant; and Eugene Barth is second lieutenant. All have received first aid training.

Prepare Paper Earlier

Because of the Memorial Day holiday next Wednesday it will be necessary to have all news and advertising for the Antioch News in the office a day earlier than usual—Monday and Tuesday. The paper will appear on Thursday, however.

Chain of Lakes Resort Owners Organize and Elect First Officers

Will Adopt Contract Form for Boat Renters as Marine Law Protection

Resort owners of the Antioch area participated Monday evening in the organization of the Chain of Lakes Resort Owners Association at the Swedish club in Fox Lake.

Mrs. Franklin Tuck, of Tuck's Bait Shop, Ingleside, was elected president; Rudolph Johnson, Bald Knob resort, McHenry, vice president; William Ehmman of Ehmman's resort, Channel Lake, treasurer; Mrs. H. J. Zeilstra, Belle Rae hotel, Fox Lake, secretary; and A. W. Shunnesson, Channel Lake, director.

Johnson presided at the meeting. Of the approximate 100 persons present, a number were excluded because they did not qualify as resort owners. One Antioch Township resort owner took offense, it is said and left the meeting.

Thirty resort owners became charter members, however, and they approved the charter unanimously and appointed a committee to draw up by-laws.

A form supplied by the U. S. Coast Guard for use as a contract between boat owners and renters to protect the owners against any violation of the marine laws by the renters, was rejected and a new form substituted which will be sent of the Ninth Naval district in Cleveland for approval.

Adolph Gill of Adolph's Channel Inn, was made master-at-arms.

Mrs. Tuck, the president, said the organization can do much good in encouraging cooperation along with the competition in the resort business.

At least 20 resorts were found guilty last week of some kind of violation of the marine law. The next meeting is planned for June 2.

Mundelein Man Repaid For Fire Loss on Milk

Otto Schumacher, Mundelein, Ill., received \$745.88 from Pure Milk Association recently. The money repaid Schumacher for 75 per cent of the milk lost as the result of a fire on his farm on November 9.

The fire destroyed the barn, milk house, quantities of feed and equipment. Schumacher who shipped around 640 pounds of milk daily to Kankakee before the fire was not able to ship milk again until the last week in December. For 48 days Schumacher had a total loss.

The Pure Milk Association is a cooperative owned by 14,500 dairy farmers who produce milk for Chicago and surrounding markets.

Antioch Recreation Re-opens With Modern Air Conditioning, Pin-spotting Machines

When the Antioch Recreation re-opens this week-end, it will be the last word in equipment.

Not only will the summer leagues now forming have the advantage of air conditioning, but they will benefit from the new automatic pin-spotting machines that have been installed during the past few weeks.

The AMF Automatic Pinspotter is a fully automatic unit for setting tempins, returning the ball and accomplishing all spot service previously done by hand with greater efficiency. It is approved by the American Bowling Congress.

The AMF Automatic Pinspotter is five feet two inches in height. It can be installed on regulation alleys with no alterations required.

Employing electro-mechanical principles throughout (mechanical system controlled by electrical circuits), the Pinspotter is set into motion when a ball hits the pit cushion on which a switch is installed.

Should a strike occur, the sweeper bar drops at once to the alley bed. The table descends, finds no pins, reascends briefly while the sweep clears the alley of deadwood, whereupon the table spots a new set of pins. The deadwood has been cleared by the sweep into the pit onto the machine's "magic carpet"—an endless belt in the pit carrying the pins beneath the pit cushion into a wheellike conveyor known as the "pinwheel."

Pins Lifted to Machine
The pinwheel lifts the pins to the top of the machine. Meanwhile, the ball has been removed to the corner of the pit by an automatic

15 Candidates for Grass Lake School Board of Education

Present Board Members To Seek Election to New 7-Man Board

Fifteen names will be on the ballot when voters of the Grass Lake School District 36 go to the polls on June 12 to select the new seven-man board of education.

County School Supt. W. C. Petty who received the application of the candidates will prepare the ballots and conduct the election which will be held from noon to 7 p. m. at the school building.

The large number of candidates is said to reflect the interest in school affairs, especially since the recent bond referendum for a building addition is in doubt as to the outcome on the question whether a 133 to 132 vote with two spoiled ballots constitutes a majority vote.

The list includes present members of the three-man board which will go out of existence when the new board is organized.

The candidates in order of filing and as they will appear on the ballot are: Margaret Walsh, Herb Jentzen, Wayne B. Barker, Charles Padgett, George J. Mazucca, Harry W. Jesse, Frank Benes, Jr., Walter Mozal, Edward C. Cooney, Robert E. Flint, Herbert E. Meyer, incumbent, Lester M. Hribar, incumbent, Roy W. Frasier, incumbent, Robert H. Hart, and William J. Zale.

The enlarged board is the result of a census which revealed that the

(Continued from page 5)

67 to Be Promoted at Antioch Grade School Next Tuesday Evening

Sixty-seven eighth grade pupils of Antioch Grade School will be promoted to high school in exercises planned for 8 p.m. Tuesday in the school auditorium.

W. C. Petty, county superintendent of schools, with residence in Antioch, will be the speaker.

The Rev. Howard Benson of the Methodist Church will give the invocation and benediction.

Supt. Richard Whitacre will serve as master of ceremonies and introduce the speaker and Norman Jedele, president of the board of education.

The school band will furnish the music. The class had its promotion dinner last evening at the Faith Evangelical Lutheran Church.

Central High School To Conduct Summer Band Training Course

A summer band program will again be conducted by the Music department of Central High School, Salem, it has been announced. It is open to any high school student now attending Central, and to any grade school students in grade 5 or higher who reside in the Salem Central School district.

Weekly private lessons on all band instruments will be given, and both beginners and advanced pupils may take part. There is no charge to the student for the instruction. The lessons will run for nine weeks, beginning the first week of June, and ending the first week of August.

Incoming Salem Central freshmen are especially invited to take part and get a good start toward joining the Central High band while in high school. Those interested are asked to call or write R. W. Broten, Band Instructor, Central High School, Salem, Wis.

Outstanding Memorial Day Program Planned; Atty. Lloyd Whitney, Chicago to Be Speaker; Thirty-one United to Participate in Parade

P.T.A. Told Board Has Alternatives in Future Building Plan

Norman Jedele, president of the Antioch Consolidated Grade School board told members of the Parent-Teacher Association Monday night that the school district has alternatives for further building.

He said that Joseph Patrovsky would give five acres west of Rte. 21 in the north part of the village but this would involve condemnation of property to obtain a roadway.

The other is the Oakland School District where the board has purchased an additional 18 acres to go with the present 1 1/2 acres.

He said that a member of the board will be at the PTA meetings next year and will appreciate any suggestions as to the course to be taken.

Mrs. Richard Eckert was installed as president in this, the year's closing session by Mrs. Richard Whitacre.

Other officers installed were Mrs. Glen Pierce, vice president; Mrs. Arthur Meierdick, treasurer; Mrs. Elmo Edwards, secretary; and Mrs. Warren Polley, historian.

Mrs. Homer White, historian, gave a report of the activities of the organization for the past year.

Mrs. William Kufalk showed slides of her trip to Lake Louise and Jasper, Canada, and of Yellowstone National Park.

Refreshments were served in the cafeteria.

Antioch Firemen Help Fight \$250,000 Barn Fire Near Wilmot, Wis.

The Antioch fire department aided in fighting a \$250,000 barn blaze northeast of Wilmot and south of Bassett, Wis., Monday.

The fire destroyed a four-story building which was built in 1943 as an experimental place by Charles Cordis who is noted for his invention of the automatic barn cleaner and the poultry feeder.

The 50-foot high building contained 100 tons of hay, and much machinery.

How the fire started is not known, but it is believed that a bull floundering in its stall tore loose some electric wiring and caused a short circuit.

A milk house adjoining the barn was also destroyed, but the house and other buildings were saved.

Fire companies responding to the call were Wilmot, Trevor, Twin Lakes, Silver Lake and Antioch. They fought the blaze for four hours.

Little League Season To Open Sunday With Awards, Double-header

The Antioch Little League will hold its official opening day on Sunday. The program will begin at 1:30 p. m. and will feature presentation of trophies to the winning team, leading batter and leading pitcher of the 1955 season. The presentations will be followed by a double header baseball game.

All teams are now holding practice sessions with a view toward selection of regular players for the various positions. As a result, it is anticipated that teams will be cut to 18 boys per team by June 15. However, boys not selected may still participate in this season's Minor League and advance to Little League next year.

The grounds are being rounded into condition and barring unfavorable weather there should be a large attendance.

Contract for Fourth of July Fireworks Display Awarded to Star Fireworks Mfg. Co., Danville

The fireworks committee of the Antioch Fire department contracted Tuesday with the Star Fireworks Manufacturing Co. of Danville, Ill., for a display here on July 4.

The materials will be enough for an hour and a quarter performance. The display will be fired on the Antioch High School athletic field east of the Soo Line tracks and the crowd will be on the west side of the tracks on the parking lot and the football field.

Program at Village Square To Follow Parade at 2 p.m. From High School to Main st.

Grade Sch. Band to March in Parade for First Time This Year

Memorial Day, next Wednesday, will see Antioch giving all-out devotion to the memory of those who have given their lives in military service.

Concentrating on this event the American Legion and the Veterans of Foreign Wars and their auxiliary units have planned by far the biggest celebration in the community's history.

Edward Jahnke, parade marshal for the past eight years, announced that more organizations than ever will participate. The Antioch grade school band, led by George Olisar will participate this year in the marching for the first time. The Antioch High School band will be well forward in the line.

Lloyd Whitney, a Chicago lawyer, will be the speaker, and will be introduced by Robert Strang, program chairman and master of ceremonies.

The program at the village park at Broadway and Orchard st. will follow the parade immediately. The Rev. Edmond Hood will give the invocation after which the high school band will play the national anthem. Mayor James McMillen and other dignitaries will be introduced along with the honored guests.

The band again will play a patriotic selection.

At this point in the program Atty. Whitney will speak on a subject yet to be announced. At the conclusion of his speech a Gold Star mother will lay a wreath on the monument, and the program will close by the firing of a salute and the sounding of taps.

The benediction will be given by the Rev. R. P. Otto.

The parade will be assembled at 1:30 p. m. at the high school, and will proceed at 2 p. m. up Main st. to the village square. The line of march will be as follows:

Right guide and massed Legion and V. F. W. colors.

V. F. W. and Legion firing squad.

Legion Commander John W. Horan and V. F. W. Commander Richard Seyfarth.

(continued on page 8)

Miller Bros. Circus To Appear in Antioch On Saturday, June 2

A circus is coming to town. For the first time in several years Antioch will have a tent circus for its entertainment.

Miller Brothers Circus, Inc. with headquarters at Weare, Tenn., will give afternoon and evening performances on the Ackerman lot on Broadway Saturday, June 2.

The two-ring show will have animal acts, including three elephants, and has as its featured performer a man who can stand supported on one finger. He appeared in television.

The motor cavalcade is making its way north and west, appearing in McHenry county on Friday, and going from here to Rockford. Its appearance here is sponsored by the American Legion.

Firemen Sell Dance Tickets

Firemen will soon begin their canvass of Antioch and its neighboring subdivisions in the sale of tickets for the annual dance to be held at the fire station on Saturday, June 30.

King Jaros and his band from Chicago will furnish the music, and an attempt will be made to produce an event that will be just as successful as the one last year.

Contract for Fourth of July Fireworks Display Awarded to Star Fireworks Mfg. Co., Danville

The fireworks committee of the Antioch Fire department contracted Tuesday with the Star Fireworks Manufacturing Co. of Danville, Ill., for a display here on July 4.

The materials will be enough for an hour and a quarter performance. The display will be fired on the Antioch High School athletic field east of the Soo Line tracks and the crowd will be on the west side of the tracks on the parking lot and the football field.

Economic Highlights

To say that Russia's "peace offensive" is a source of deep concern to the United States and other Western nations is to say the completely obvious. The Soviet's two ambassadors of good will, Khrushchev and Bulganin, have become international tourists on a grand scale. Their theme song has been the same (with certain exceptions, as will be noted) wherever they have gone: World Peace and friendship, along with trade agreements which will benefit the masses of people everywhere. There can be no doubt that in some important areas—notably the chaotic Middle East—they have made marked progress.

The visit of Khrushchev and Bulganin to England—coming hard on the heels of that of ex-premier Malenkov—was looked upon with special concern. There is no question in informed Western minds of what present Soviet policy is—it is to undermine, in any way possible, the cause and the structures of Western unity, NATO included, and to do this primarily by allaying and pooh-poohing fears as to Soviet intentions. In this grand design, England is of course a key. Of the major powers, she is America's best friend, for all the differences of opinion as to this policy or that. But the British people are sick unto death of crises. The British economic position has worsened seriously, due in considerable part to a falling off in her exports—and exports are England's lifeblood. And the possibility of the loss of Middle East oil is a ghastly specter in the eyes of British leaders—if that happened, it has been said, the country would be bankrupt in a month or so.

So the fears were strong when the Russian visit began. Now the visit has ended—and, to many observers, the cause of Western unity has survived with banners flying.

Barnet Nover recently devoted an interesting column on this. In his view, "It now looks . . . as if the Bulganin-Khrushchev team fell flat on its collective face." And the reason is that—despite all the initial panoply of smiles and protestations of friendship—Khrushchev did something that has ruined many a man before him. Stung by hostile demonstrations, he lost his temper.

Then, as Mr. Nover puts it, "He brandished the hydrogen bomb in their direction, foolishly coupling that threat with an appeal for trade which might normally have made a real impression on the trade-hungry British." As if that weren't enough, he castigated the British group which could be expected to be most sympathetic to his cause—the left-wing Laborites. And he had nothing but scorn for President Eisenhower's popular aerial inspection proposal.

In other words, the smiling mask has slipped—and showed a growling bear beneath. So, to quote Mr. Nover once again, "On balance, the Bulganin-Khrushchev visit can now be put down as a real gain for the free world, a reminder of the unpleasant

realities of the world we live in, a warning that, so far as the West is concerned, there is no substitute for strength and unity."

Problems of This Century

What is the great problem of this century? It is "limited state or total state, democracy or totalitarianism, whether the state should continue to exist for the people, or the people for the state."

That is taken from Bertram D. Wolfe's recently published "Six Keys to the Soviet System"—one of the most authoritative of all the works on the nature and purposes of communism.

Obviously, practically every American would stand in defense of the limited state as against totalitarianism. The trouble is that we can fall into totalitarian ways without knowing it. Dictatorship—which simply means giving unlimited power to those who govern—does not necessarily come about through violence, out of war or revolution or conquest. It can as surely come about on a step-by-step basis. We give a little more authority to government here, a little more there. The hand of the officeholder and bureaucrat becomes more prominent in the affairs of business, agriculture, labor, the professions. This may seem beneficial at the time—it may be regarded as social progress in the interests of deserving people. But there are two sides to this coin—and when, at last, the coin is turned over, the people see the face of the oppressor and it is too late to do anything about it.

That, indeed, is the great problem of this century has known.

"It is a socialist idea that making a profit is a vice. I consider the real vice is making losses." . . . Winston Churchill.

Grassroots Opinion

RAYMONDVILLE, TEXAS, NEWS: " . . . Roadside protection—for both the man with the flat tire and those who must pass him—is provided for now in the Uniform Vehicle Code of the National Committee on Uniform Traffic Laws and Ordinances. Simple attachments to convert your turn-lights to this double duty are available now. . . . They may soon be standard equipment on new cars. The question is: How much more blood must stain our highways before this flashing "disability flare" becomes mandatory?"

MONTPELIER, VERMONT, EVENING ARGUS: "Now that Khrushchev & Co., in Moscow, have foreclosed on Stalin's reputation and are desperately working to make a bum out of him—so the grumbling multitudes will have someone to blame for their misery . . . the clouds may be lifting. We may yet see a Red sunset."

INDIO, CALIF., NEWS: "The House Agriculture Committee has approved legislation that would authorize the Department of Agriculture to go into the business of building big dams. If this bill becomes a law, the nation will have three big dam building agencies. . . . But we wonder if there is any taxpayer in the country outside the bureaucracy, who wouldn't agree that we have dam-building agencies aplenty right now?"

CUERO, TEXAS, RECORD: "The controversy over whether or not Shakespeare wrote his plays has raged for years. The time may come, if television continues to make inroads into people's reading habits, when it will be argued that they were really written by Sir Laurence Olivier."

SOCIETY EVENTS

Antioch Chapter of DeMolay Instituted, Officers Installed at Services in High School Saturday

Before a crowd of 425 persons at the high school gymnasium Saturday Antioch's new Order of DeMolay was instituted with a membership of 31 boys.

Evanston chapter gave the first degree work and Woodlawn chapter of Chicago, the second, degree work in the afternoon.

The installation ceremony was conducted at night by Robert S. Kenage, past state master counselor, legion of honor, with Paul R. Wanthal, past grand organizer, Grand Chapter of Illinois furnishing the music. Walter Miller, adjutant to active members of Northern Illinois, helped in the service.

Fred Swanson of Antioch served as master of ceremony.

Main speaker at the night service was Col. Raul Armstrong, Illinois director of Selective Service. Other speakers were County Judge Minard E. Hulse, Waukegan, Country School Supt. W. C. Petty, and A. C. Dittman, principal of Antioch Township High School.

Beneath an archway of swords presented by the Waukegan Commandery of Knight Templars the leaders made their way to the altar. Their escorts were girls of the Order of the Rainbow.

Officers Installed

The officers of the new order are Edward Reed, master counselor; Richard Kapell, senior counselor; Jay Cribb, junior counselor; John Steitz, senior deacon; Fred Lucas, junior deacon; Elmer Oelkers, senior steward; Paul Magiera, junior steward; Richard Carlson, chaplain.

Thomas Farms, marshal; Lynn Bolton, almoner; Peter Zalatoris, orator; Harry Miller, sentinel; Kenneth Hellstern, standard bearer; Stephen Aschenbrenner, organist.

Preceptors are Duane Caddy, Albert Mani, Arthur Wollpert; Leslie Schlunz, Arthur Wertz, Robert James and John Reiff.

Robert Kolb is chapter advisor and Robert Pincombe, who organized the chapter, is the advisory council chairman.

The chapter will meet every second and fourth Wednesday at the Masonic temple.

The North Shore chapter from Evanston presented to the new chapter the "Galloping Gavel," which has been held by Chicago, Ravenswood, and North Shore chapters this year. Should at any time a visiting chapter have more members present than Antioch, the host chapter, the gavel will be taken over by that chapter.

ATWOOD-PRESTON TROTH TOLD AT WESTCHESTER

Announcement of the engagement of Miss Evelyn Loraine Preston, daughter of Mr. and Mrs. Edwin L. Preston, Westchester, formerly of River Forest, to Thomas Warren Atwood, son of Mr. and Mrs. Charles Atwood of Channel Lake was made recently.

Miss Preston attended Oak Park-River Forest High School and is employed by an insurance firm in River Forest. Her fiancé attended the University of Illinois.

Albert Shepherd, of Park Ave., is a patient at Downey hospital and would appreciate hearing from his friends. His address is Downey Hospital, 2001 South Room 5, Downey, Illinois.

Local Rebekahs Take Part in District 3 Meeting at Palatine

Twelve members of the Antioch Rebekah lodge attended the semi-annual district meeting of the lodge Friday afternoon and evening in the Masonic lodge building at Palatine, and some of them participated actively in the services.

Mrs. Bernice Clark, noble grand of Antioch, served as guardian; Hortense Gordon, past grand, served on the finance committee; and vice grand Goldie Stillson served as chairman of the resolutions committee.

Among the past presidents of District 3 given recognition were Mrs. Ida Osmond, Mrs. Mary Runyard, and Mrs. Goldie Stillson of Antioch.

Eight members of the Antioch lodge held a beautiful and impressive memorial service for six deceased members of the district who died during the past year. Bernice Clark served as chaplain. Goldie Stillson carried the cross, and Hortense Gordon, Clare Horton, Louise Ekkes, Velma Jackson, Freda Wertz, and Katherine Dibble were candle bearers.

Fifteen candidates from different lodges were initiated. Hortense Gordon of Antioch was the initiating noble grand, Maude L. Johnson, Undine Perkins, Goldie Stillson, and Fred Wertz took part in the service.

State Assembly officers present were President Laura Woodruff; vice president Dorothy Luskop; treasurer, Grace Baird; and secretary, Laura Bade.

Flora Sheets, editor of "International Rebekah," was an out-of-state visitor.

Lakeside lodge held elective officers night Wednesday evening, May 16 at the I. O. O. F. hall in Antioch. Officers from Waukegan, Palatine and Barrington were honored and presented gifts as were the seven Lakeside officers. A social time followed the business session and refreshments were served by Clare Horton, Louise Ekkes, and Bernice Clark.

Lake Villa W.S.C.S. Elects New Officers

The Woman's Society of Christian Service of the Lake Villa Community Methodist Church elected officers for the coming year at their meeting on May 9.

Mrs. Herbert Fischer has been chosen to lead the group as president and will be assisted by Mrs. Vern Blust as vice-president, Mrs. Melvin Colbert as recording secretary and Mrs. Alvin Flood as treasurer. Other officers elected at the meeting are:

Secretary of Promotion, Mrs. Gerald Robinson; secretary of missionary education, Mrs. Edward Maeder; secretary of Christian social relations; and local church activities, Mrs. Ben Prather; secretary of children's work, Mrs. John Hammond; secretary of youth work, Mrs. Theodore Belke; secretary of student work, Mrs. John Romer; secretary of spiritual life, Mrs. John Perry; secretary of literature and publications, Mrs. Robert Bailey; secretary of status of women, Mrs.

Lakeside Council of Girl Scouts Plan June Camp for Intermediates

Counselors for the Brownie and Intermediate camps met this week at the Antioch Scout House and complete plans for their June camping.

Intermediate scouts will spend a week at Bruce Lake Camp, June 6 to 12 under the direction of Mrs. Mary Jane Nelson, and Brownie Scouts will enjoy three sessions at Camp Hastings, Lake Villa, June 6, 7, and 8 under the direction of Mrs. Donald Sargol.

Some openings still remain for Scouts who wish to attend.

A nurse is still needed for the Brownie camp. Anyone interested may contact Mrs. Sargol at Elliott 6-7387. Your expense will be provided for.

The Intermediate camp also needs four more adult counselors, and anyone interested may contact Mrs. Lucia Johnson at Antioch 766.

Lake Villa Troop Trip
Brownie Troop No. 1 of Lake Villa enjoyed a wonderful day at the Hawthorne Melody Farm in Libertyville on May 16.

Lake Villa leaders enjoyed a picnic on May 23 at the home of Mrs. Joyce McCleod.

Round Lake Scout Picnic

More than 250 Scouts and 35 adults from Round Lake streamed to Petrifying Springs Park near Kenosha last Saturday to enjoy their annual play day. In addition to the five chartered busses, there were 12 passenger cars, making it seem like a parade down the highway.

At the park the scouts enjoyed a treasure hunt and hiking along the trails, as well as outdoor cooking for the Intermediate scouts, and an impressive Brownie Fly-Up ceremony, at which time more than 45 girls were presented their Fly-Up wings, and then their Tenderfoot pins from their new leaders Mrs. Venita Cowell and Mrs. Helene Keeler.

Intermediate Scout Joan Janiszewski of Troop No. 41, and leaders Mrs. Helen Keyson of No. 35, Mrs. Maureen DeForte, No. 34, and Mrs. Dorothy Halla of No. 41, all received their five year membership pin. Also Mrs. Virginia Rodgers of Troop No. 12 was presented her 10 year membership pin.

Miss Charlene Powles, daughter of Mr. and Mrs. Laurel Powles, 957 Victoria st., was recently initiated into Alpha Delta Pi, a National social sorority, at Lake Forest college, Lake Forest, Ill. Charlene, who is a junior, was also elected for the following offices of Scholarship Chairman, Registrar, and Activities chairman. She is also a Junior Pan-Hellenic Representative for the sorority.

Glen McNeil, secretary of supply work, Mrs. Arthur Evans.

The officers will be installed at a special service conducted by the Rev. Gerald Robinson, minister of the Lake Villa church, during the regular meeting in June.

During the business meeting which preceded the election of officers a permanent meeting day for the group was voted upon. The general meeting will be held at 8 p. m. the first Wednesday evening of every month, with Circle 1 meeting at 12:30 p. m. at the church on the third Wednesday and Circle 2 at 8 p. m. the second Monday in the homes of members.

Wins B.P.W. Scholarship

Nancy Bovee

Nancy Bovee, daughter of Mr. and Mrs. George Bovee of Bassett, Wisconsin and a senior at Wilmet High School was awarded a scholarship to any Wisconsin college or university by Westosha Business and Professional Women's club. Nancy won the scholarship by her scholastic record and essay, "The Menace of Communism in the United States."

Marvin J. Behrens

Sgt. Marvin J. Behrens, 25, son of Mrs. Irene Muir, Route 4, Antioch, recently fired in the Southern Area Command rifle and pistol matches in Germany, is assigned to a small arms inspection team in the 7822nd Army Unit's Stuttgart Detachment. In the Army for more than eight years, he arrived overseas on this tour of duty last July after an assignment at Fort Carson, Colo. (U. S. Army Photo)

Cub Pack 92 Closes Season With Ceremony; Three Honorary Awards

Antioch Cub Scout Pack 92 closed a very successful winter season with the May pack meeting held Friday evening, May 18, at the Antioch Grade School.

Highlight of the program was a graduation ceremony for six Cub Scouts who had attained the Webelos rank and were graduated into Troop 92. Boys were led over a rustic bridge and officially welcomed into the troop by Scoutmaster Jim Horton and invited to join Boy Scouts of Troop 92 around their camp fire. The new scouts were asked to remove their Cub Scout neckerchiefs of Troop 92. The new scouts are: Michael Chandler, Stephen Delany, Richard Good, Michael Solar, Ronald Taylor and Ronald Van Rooyen.

In addition various other promotional awards were as follows:

Wolf badge—Justin LaPlant, Franklin Crandall, Patrick Morgan, Bruce Dalgaard, James Edwards, Hugo Holbek, and Robert Ludford.

Bear badge—Edward Jahneke, Thomas Solar, Arnold Koenig, Robert Cunningham, Mickey Hawkins, Ronald Hellstern, and Wayne Hanke.

Arrow points—Raymond Westhaff, Victor Rogers, Robert Kolar, Wm. Carrick, John Hendricksen, Michael Kennedy, Jerry Berke, Justin LaPlant, Franklin Crandall, and Thomas Solar.

Three honorary awards were also presented. The first award was to John Helm, Explorer Scout whose assistance in the Cub Scout program during the past year was considered outstanding and worthy of special commendation. Although not a member of Pack 92, he attended all Cub Scout pack meetings and other special events sponsored by the pack, offering willing and cheerful assistance wherever possible. The second award was to Mrs. Evelyn Smith, secretary-treasurer, for her assistance in reorganizing the pack and her efforts toward promoting the various phases of the Cub Scout program.

The third award was a Den Chief's cord to Scout Bill Wolfenbarger, for his interest, time, willingness, and his ability to work with children younger than himself and cooperate with the den mothers.

A humorous skit presented by the Cub Scouts of Den 5 under the leadership of Mrs. Gertrude Ipsen and Mrs. Mavis Chandler was presented featuring "Hobo Month" and demonstrating in a highly amusing manner, hobo methods of cooking.

Refreshments were served by the Mothers of Dens 5 and 6 with Mrs. Anita Hamelberg acting as co-ordinator.

Meeting of Lindenhurst Subdivision Arranged

Lake Villa—Lindenhurst Subdivision residents have been invited to a meeting at the Lake Villa Grade School at 8:30 p.m. Saturday to receive from N. H. Engle and Sons, subdivisor of the estate, a proposal that they organize to manage their community, according to reports.

It is said that the subdivision can either incorporate, petition to annex to Lake Villa, or form an association like Miltmore and Venetian Village have done.

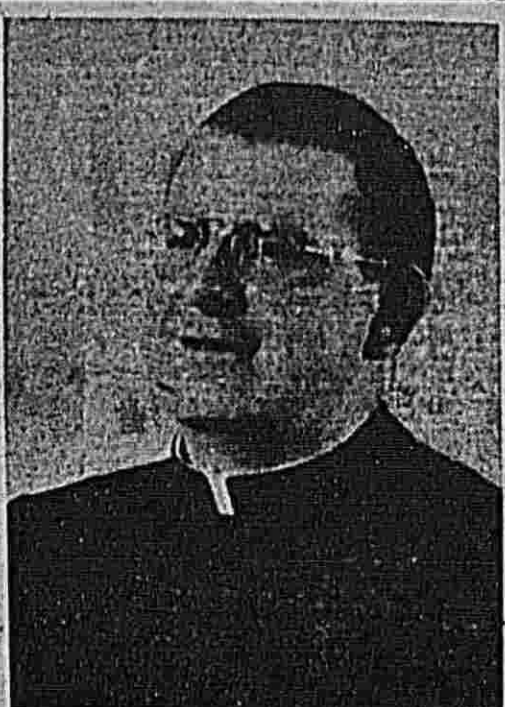

The real estate firm says it no longer wants to manage the subdivision.

Will Attend Conference

William P. Hansen, representative of the Metropolitan Life Insurance company will go to Detroit, Mich., tomorrow for a business conference with officials of the company at the Sheraton-Cadillac hotel.

Hansen, who lives at Lake Marie, had an exceptional sales and service record in 1955 and is among the top-ranking members of the Metropolitan's staff of 22,000 field representatives in the United States and Canada.

To Be Ordained Saturday at Milwaukee

Above, from left to right, Rev. Albert Meyer, O. S. B., and Rev. Edward Campbell, O. S. B. Lower pictures—Rev. Andrew Gerber, O. S. B., and Rev. Amselm Walker, O. S. B. All four are students at St. Benedict's Abbey, Benet Lake, Antioch. They will be ordained at a special ceremony Saturday, May 26th at St. John's Cathedral, Milwaukee, Wis. The Rev. Albert Meyer will offer his first solemn mass at Immaculate Conception Parish, Chicago, on Sunday, May 27.

New Book on Cancer Given to Local Library

The Lake County Chapter of the American Cancer Society recently gave the Antioch Township Library Charles S. Cameron's book, "The Truth About Cancer." Mrs. Roman Vos, who made the presentation of the book, said the Educational Committee of our local chapter desires that the people of Antioch should know that the book is now available at the library to ensure its wide use.

Dr. Cameron is Medical and Scientific Director of the American Cancer Society and is well qualified to write this highly informative and readable book. He discusses cause, misconceptions about cancer, diagnosis, quackery, research, and the classes of cancers. Skin cancer, lung cancer, and the methods of self-examination are explained. Dr. Hess, president of the American Medical Association, says "Thoughtful reading of this book can double your chance of avoiding death from cancer."

Say Signs Violate Law

Charging that signs for Republican candidates were posted upon highways in violation of state law, the Democratic Central committee recently passed a resolution calling upon D. S. Magowan, district engineer, Division of Highways, notify all nominees to remove the signs and refrain from repeating these acts in the coming campaign.

Lake Villa Methodists Start Church Fund Drive

LAKE VILLA—Two hundred and nineteen persons attended the loyalty dinner of the Community Methodist church of Lake Villa last Saturday evening at the Lake Villa Grade School.

It was the kick-off in the campaign to raise \$50,000 for the new church.

Harold Standly of the Wells organization is directing the solicitation.

No report has been made as yet on the results.

Mrs. Newhouse Improves

The condition of Mrs. Helen Newhouse of Trevor, who was injured when her car crashed into a Soo Line train at the Trevor crossing a week ago yesterday, is still serious, but she is regarded as making progress toward recovery. She is at Victory Memorial hospital in Waukegan.

15 Candidates For . . .

(Continued from page 1) district has more than 1,000 population which by law calls for an increase in membership.

The fortunate candidates will meet, draw lots for three three-year terms, two two-year terms, and two one-year terms after which they will elect officers.

Central Sweeps . . .

(continued from page 1) half of the seventh and Lake Geneva threatened to tie the score. Two walks and a double meant a run for Lake Geneva. With men on second and third and no one out, Ben Zeihen was sent in to put out the fire. He retired the side on 12 straight pitches.

Oconomowoc, Milwaukee suburban winner, was yesterday's opponent at Fort Atkinson. Central pounded Oconomowoc pitchers for five hits scoring 7 runs while Oconomowoc were held to 3 hits and a single score. Next game will be against Bay View.

Coach Bill Becker's Falcons will be a power to reckon with in future years. With six sophomores playing on the varsity with batting av-

erages of .300 and over, and pitchers Scora and Nelson to foil the opposition, the school has much to look forward to.

Dick Weber is a good catcher, Ray Ellis is batting .370, shortstop

Marty is a good defensive man and Dean Schultz is a fine outfielder.

Biggest losses will be Ben Zeihen, star twirler, Bob Merten, reliable outfielder; third baseman Dale Epping, and pinch hitter Kirkman.

Remember the Veterans —and Buy a Poppy

Poppy Day, the time to remember disabled veterans and their families, has been set in Illinois for Saturday, May 26.

Poppy Day is the time of the year when the American Legion appeals to the public in a fund-raising endeavor for the benefit of destitute veterans and their families.

The red cloth poppy, a sign that you remember those who gave so much in the service of our country is made by the sick and injured veterans in his hospital bed. The poppy is sold by volunteer members of the American Legion and the American Legion Auxiliary. The volunteer is not paid for his work. All money from the sale goes to needy veterans and their families.

The message the men send from the hospital is "Remember the veterans. Buy a Poppy."

The message from the American Legion and the American Legion Auxiliary member is, "Wouldn't you rather wear a poppy than make one?"

Members of the Legion have worked with and watched the disabled men making the poppies. The three and one-half million poppies to be sold in the state of Illinois have all been made in veteran hospitals in the state. The men have worked hundreds of hours assembling the little red flowers in the wards and hobby shops of the hospitals.

Some of these men are bedridden; others are in wheel chairs; many are ambulant patients. For most of them, it is their only opportunity to earn money while hospitalized. Each veteran is paid for the poppies he makes. The work also has therapeutic value because it keeps the men busy doing something useful.

The poppies are made by gluing the four cloth petals (which come out in one piece) to the paper-wrapped wire stem and then attaching the identification tag to the stem. One man can make a thousand poppies in half a day. When several men get together to do the

April Bulk Milk Prices up 11 Cents

Chicago, May 14—Dairy farmers who shipped milk to the Chicago market during April will receive prices 11 cents higher than during March.

Milk prices for the month were announced by the Federal Milk Market Administrator's office in Chicago.

Two prices will be paid farmers for April milk. The base price is \$3.64. The excess price is \$3.24. These prices are for 100 pounds of milk, testing 3.5 per cent butterfat delivered to the 70-mile zone.

The base price is paid to a farmer for an amount of milk equivalent to his average production during September, October and November. The excess price is paid to a farmer for all milk delivered over this amount.

Harry Edwards, director of marketing for Pure Milk Association, said that the April prices are 23 cents above April 1955. Edwards is responsible for keeping markets for the 14,500 members of the dairy farmer organization.

He said that the 11-cent increase of April prices over March is unusual. Only three times in the past 15 years has the April price exceeded the March price.

The cause of the increase was the higher prices paid by dealers for milk used for bottling and similar purposes. This price was increased by 46 cents on April 16 as the result of bargaining by Pure Milk Ass'n.

The full effects of the bargaining increase will not be felt on the market until next month, Edwards said.

job on a production line basis, they can turn out about 10,000 poppies in a single day of steady work.

While the men work, they sometimes talk about "what they will do" with the money they are earning at their poppy making job. Usually they decide to give the money to their wives or mothers or to buy their children something with it.

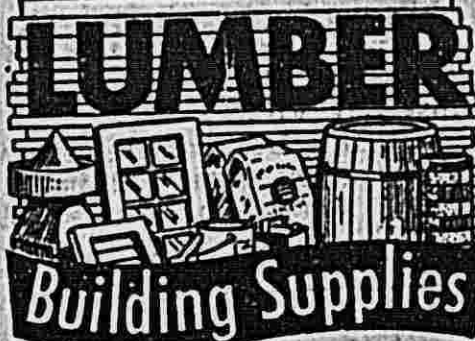

You can help them earn their way by buying a Poppy on Poppy Day.

The increase will operate continually through the month.

Prices on the Chicago market will be helped later in the season by the increase in the support prices for manufactured milk, Edwards said.

So far the 10 cent increase from \$3.15 to \$3.25 in the national price level of manufactured milk has not affected the Chicago market.

Edwards said that in the fall months the increase in the support price level will bring higher prices to dairy farmers.

COME IN TODAY... LEARN WHY NOW IS A GOOD TIME TO BUY AN OLDSMOBILE!

RIDE? We've put all of Oldsmobile's luxury and comfort in a sleek and solid Body by Fisher. We've cradled the whole works on a rugged chassis. The result is the surest, softest "hug-the-road" ride you've ever tried!

RESALE VALUE? You've got a real winner here, too! It's a fact that Oldsmobile is right up there with dollars to spare at trade-in time. Your investment holds when you go over to Olds.

And there's a pleasant difference in our way of doing business, too! Come in now! You'll wind up way ahead... in a dazzling new Rocket "88" Oldsmobile!

HEALTH TALK

The Adolescent

Adolescence, or that period of "growing up," is frequently a fretful one for parents who fail to recognize and understand the physical and emotional changes in their offspring. Because of this parents are frequently to be criticized when complications arise in family living, the Educational Committee of the Illinois State Medical Society cautions in "Health Talk."

As the child enters the adolescent period his growing maturity takes on a new approach. Normally dependent on the security, love and confidence provided by his parents, the adolescent unconsciously seeks to break this pattern, so that his own independence can be established. The home, food and clothing are still accepted, but freedom is sought—freedom from parental influence, freedom from being told what and what not to do, freedom to enjoy the styles of his group, even though they may be considered by adults, as often they are, entirely out of keeping with his youth.

The wise parent will accept these changes calmly. Children are great imitators, reacting strongly to the parental attitude in the home. If proper guidance has been effected in the early years, parental authority can be maintained wisely. Environmental factors influence extensively the growth pattern of the adolescent. Spontaneity in the youngster should be encouraged, but controlled. Enthusiasm should not be curbed, but directed unobtrusively.

Security must come from others

and is given through protection, acceptance, affection, guidance, authority and example. Self-confidence must be developed within the individual through self assertion, experiment, achievement, cooperation, service and leadership.

The lack of security and self-confidence leads to frustration and trouble. One type of person may react by introversion or drawing within himself, stammering and behavior disturbances which ultimately end in psychoses. Another person may show resentment, rebellion, aggressive behavior and delinquency.

Security can be dampened, and even destroyed, by non-acceptance, lying, nagging, inconsistency, arguing, split authority and bad example, while self-confidence may be impeded by over-protection, lack of appreciation of achievements, domination and suppression.

Life should not be too easy for a child. If every desire is anticipated and met, life is boring. Character develops through facing problems and mastering them.

The greatest influence of the home on the child is an example. Because a child is naturally imitative, he reflects the environment of his home. Tensions, temper displays, unpleasant discussions are quickly imitated and adopted. On the other hand if harmony and stability in the home prevail the child acquires poise and security.

Just as it is natural for the very young child to strike attitudes, so it is natural for the growing teenager to assume varied poses. One phase will be aired today, and another tomorrow.

By understanding your youngster

through the so-called "trying period of adolescence," by accepting his search for freedom of his own expression, you will be a happier parent. There will be less strain on the household and more happiness in the family.

Let your child grow normally. Stand by your offspring by keeping out of his way.

5 For 1 At 21!

Here's a low cost way to provide for your children's future. This special "Juvenile progressive" insurance policy jumps 5 times the face amount of the policy at age 21 with no increase of premium.

Provides funds for education, protection and retirement in one policy with one low premium.

High Majority of Urban Population Have Insurance

NEW YORK—Nine out of every ten men, seven of every ten women and two-thirds of the children in America's urban population have some form of life insurance.

This was reported by the Institute of Life Insurance on the basis of a 1955 consumer survey on life insurance ownership made by the Survey Research Center of the University of Michigan.

The rural population showed 77 per cent of the men, 58 per cent of the women and 58 per cent of the children owning some form of life insurance.

Some 94 per cent of the male city owners of life insurance had life policies with the life insurance companies, more than half of this 94 per cent owning group life insurance and nine-tenths owning individual policies. About 6 per cent had no insurance with the life companies, but did own some other type of life insurance, such as the servicemen's policies, fraternal or assessment insurance.

In the case of the rural male owners, 84 per cent owned policies with the life insurance companies, nearly two-fifths of them having group policies and 85 per cent individual policies. Some 16 per cent of the rural men owned only veterans' policies, fraternal, assessment or other types of life insurance.

Survey Students On Life Desires

LOS ANGELES—A college education, a nice home and one or more cars. That's what the average Los Angeles high school senior expects from life.

A questionnaire designed to determine teen-age aspirations was prepared and submitted to more than 2,500 high school seniors in 10 Los Angeles high schools by Dr. Ralph H. Turner, University of California at Los Angeles sociologist.

Data indicated that most boys expected:

(1) To obtain additional schooling after high school. (2) To become a high-bracket business or professional man. (3) To own a seven-room house and one or more middle-priced cars.

Senior girls indicated by a huge majority (98 per cent) that they aspired to be homemakers. But fully half expected to combine homemaking with a lifelong career.

A majority of the girls also indicated they weren't particularly concerned with what their husband did as long as he could afford a nice home and a car.

We Work Less For More These Days

MINNEAPOLIS—The average American's standard of living has tripled in the past century, though he has to work only about half as hard to earn it, reports the family economics bureau of Northwestern National Life Insurance company.

Our spectacular gains in mass prosperity and well-being basically spring from our amazing rise in farmer efficiency, and the resulting shift of U.S. population away from farming. This is the picture shown in a 100-year summary of the declining share of farm production found in our total national output of goods and services.

Measured in constant 1955 dollars, annual disposable personal income per capita amounted to \$550 in 1850, \$735 in 1900, \$1,500 in 1950 and \$1,630 in 1955, the bureau calculates, or \$4,890 for a household of three persons.

Automation Foreseen As Boon to Dairies

EAST LANSING, Mich.—The farmer, who seems to have a host of problems these days, would find life much simpler if he turned to automation.

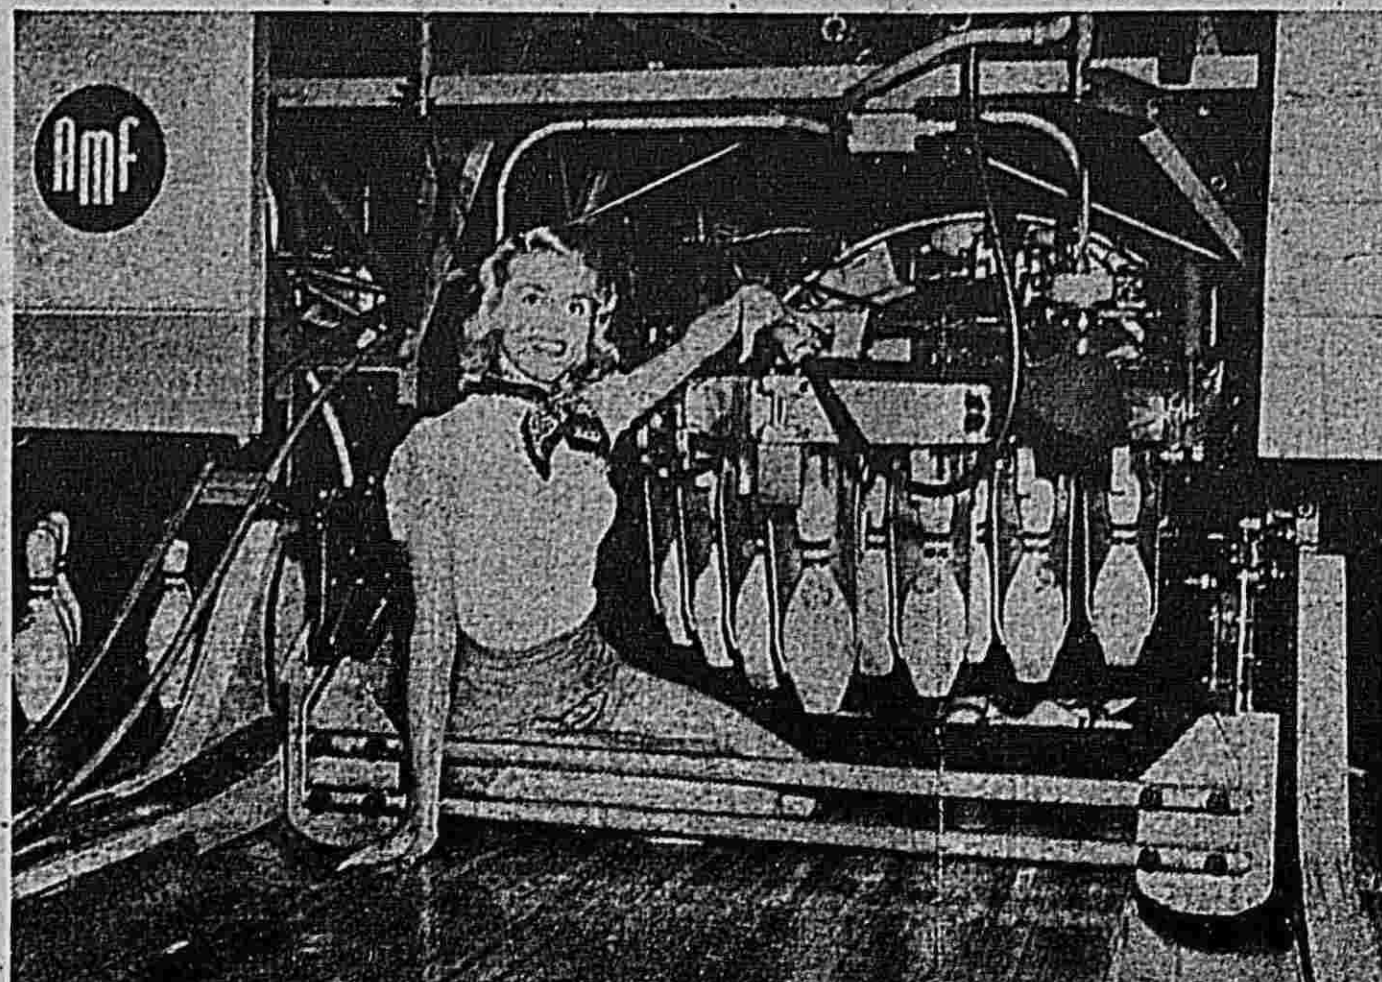

That's what W. J. Scarlett, of Minneapolis-Honeywell Regulator Company, told the National Dairy Engineering Conference at Michigan State College as he reproved dairymen for using only one-fourth as many tools of automation as industry in general.

Today, said Scarlett, dairy processing plants are content to measure temperature, pressure and flow. He envisioned the day when milk would be dumped from a farmer's cans to be weighed in and (1) its butter-fat content reported automatically by a computer which (2) would actuate a tabulating machine for the dairy's internal records and (3) tip off a check-writing machine to pay the farmer.

Self Punishment WAXCROSS, GA.—No one should keep the court waiting.

That's the opinion of Judge Cecil Roddenberry, who arrived 7 minutes late at Ware Superior Court. The judge explained he had thought court was supposed to open at 10 a.m. instead of 8. But he rejected his own excuse and fined himself \$40—\$7 for each minute he was late.

New Pin-spotting Machine For Antioch Recreation

If you can turn your gaze from dazzling Nancy Spencer you will see the ingenious operation of the American Machine and Foundry Company's machine which will be in operation starting this weekend at the Antioch Recreation where the machines have just been installed. Incidentally Nancy didn't come with the machines, so don't look for her. Antioch has other beauties, however.

Sequoits Bow to Rams.

(continued from page 1)

out nine men and issued but one base on balls.

Swanson for Antioch started out poorly, not being able to find the plate, and then grooving them for hits. He was replaced in the second by Deppe who held the visitors to two scores. Biefeld, Fenton first baseman, got a home run in this game.

The second game was entirely different. Swanson came back and pitched an excellent game, holding the Bisons to three hits while his teammates were piling up 13 off Biefeld and Pilleke.

Stonis, Antioch's first baseman hit a home run with one on base and Biefeld, of Fenton hit his second homer for the day.

Lose to Glenbrook

The Sequoits lost to Glenbrook at Northbrook last Friday 15 to 5. It was a good game with Antioch pushing the Spartans all the way until the sixth inning when they collapsed and Glenbrook got eight runs. Score by innings:

Antioch	0	0	0	3	2	0	0	—	5	4	7
Glenbrook	0	0	5	2	0	8	0	—	15	9	2

Batteries Swanson, Deppe and Meyers; Leutz and Britz.

is installed with supplementary equipment consisting of the Pindicator and the Radaray Foul Detector.

The Pindicator Signalling unit indicates to the bowler by illuminated glassed in panels first and second ball and when a strike has been scored. On a spare it identifies standing pins by their position and number.

Pro-Wrestling to Start at Round Lake June 1

Promoter, Fred Kohler inaugurates his summer season of wrestling Friday night, June 1, in the Lake County Stadium in Round Lake Park. There will be major wrestling featuring the big TV stars of the mat world every Friday night throughout the summer months.

Featuring the main event on the initial card will be a tag match with Gypsy Joe, the Globe Trotter and the turbulent Benito Gardini wrestling Dave Jones, of England, the midwest heavyweight champion and Mario De Souza, of Portugal.

There will be a girls' match with Ada Ash, St. Louis powerful female star meeting Lorraine Johnson, of Minneapolis. Lorraine is the wife of Mario De Souza. In the opening bout Ned Taylor, of Noel, Mo., faces Seymour Koenig, of New York.

Berreller at Naval Radioman School

Jan A. Berreller, seaman apprentice, USN, son of Mr. and Mrs. Joe Klopp of Route 2, Klopp's Resort, Lake Marie, is attending the Naval Radioman School, Norfolk, Va.

Students of the school are trained to operate transmitters, radio direction finders, teletypewriters and radio receiving equipment. They also are taught to transmit and receive messages by International Morse code and type incoming messages.

Burliner to Get Burro

Lester Burliner of Rte 3, Venetian Village, will receive his choice of a Mexican burro or cash as an award from Amiel Feyerabend in celebration of the grand opening Sunday of his Lincoln-Mercury Sales.

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

With spring already here and summer not too far distant, now is a good time for a spring checkup of your car's mechanical condition. Your car focuses longer and faster driving than it has had for the last few months if you are planning weekend trips or plan to use your car for a vacation trip.

SPRING CHECKUP

Highway speeds and trips covering long distances call for your car to be in the best possible mechanical condition. It is easy to picture the hopeless position of even the most skilled of drivers if the steering mechanism should fail while traveling along at highway speed.

You can avoid suddenly finding yourself in just such a position by having the brakes, steering and wheels checked and any defects corrected beforehand. Also, make sure your tires are in good condition.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Poppy Day

Let us always remember — through this little red cloth poppy those who did not come back are remembered. It is so easy to forget—so beautiful to remember.

Friday, May 25 and Saturday, May 26 have been proclaimed by the mayor as days for the American Legion and Auxiliary to distribute poppies in the village of Antioch. These volunteer workers are proudly doing their bit to aid in helping the disabled veterans.

Poppy making enables the veterans to help themselves; gives them hope and courage in the knowledge that they are helping others as well. Not only does the poppy work give the veterans something to do, it pays them for their labor in cash and in the benefits of occupational therapy.

Lions to Play Golf

Antioch Lions have ahead of them their golf tournament which will be held June 11 at George Diamond's golf course. Joseph Patrovsky is in charge of the day's events. The Lions will have a business meeting Monday evening at The Ruralite.

Check Your Car Before Vacation

Vacation planning in the average household usually receives greater consideration with the advent of balmy spring weather.

If the family car is to be the mode of transportation for the vacation trip, then it is important to make sure it is safe and sound so that the trip is time-saving and pleasurable, advises a bulletin from the Chicago Motor club.

Better have the car checked by a qualified mechanic, particularly if a lengthy trip is on the agenda. Repairs cost more on the road than at home, as a rule.

If your car is comparatively new, then it is wise to have it serviced and also ask your service station attendant to be sure to check the tires, battery, spare tire and other vital accessories. You can always depend on the man who regularly services your car.

Cultivate good driving habits, always obeying the rules of the road. Never exceed the posted speed limit and be on the alert for stop signs and traffic lights. Always remain a safe distance behind the car ahead.

It is as deadly to pass on curves and hills as it is to play Russian roulette.

Avoid driving when drowsy, tired or fatigued.

There are many new expressways and scenic routes which will allow more enjoyable motoring.

Week's Best Buys

Ham will be featured in many grocery stores the week of May 21. Shoppers may find bargains among canned hams of the 9 to 12 pound size as well as among the various cuts of smoked ham.

Canned ham has several convenience factors—it has been boned, there is very little waste, it needs little if any cooking (see label directions), and each pound provides 4 servings. These features make canned ham sell at higher prices.

Smoked ham is sold whole, or cut into shank and butt halves. Some times the center slices, most expensive ham cut, are removed and are not part of either half. When the center slices are sold separately, the shank and butt portions are generally lower in price. A whole ham divided into halves, provides part of the choice center slices on the half-ham at whole ham prices.

Trade marks and brand names are the packers' way of grading ham. Lighter weight hams of the best brands generally sell at highest prices.

Buying Tips

Ham Shank: is 59 per cent lean meat; is easy to carve into attractive slices; is less expensive a pound than butt; will provide 2 to 3 servings a pound.

Ham Butt: is 74 per cent lean meat; is difficult to slice because of bone; is more expensive a pound than shank; will provide 3 to 4 servings a pound.

Deep Lake

Mrs. Millie Luehr, Correspondent
Eliot 6-4946

Jean Williams was guest of honor at a birthday luncheon held in her honor at the Rustic Manor in Gurnee on Thursday, May 17, attended by Myra Galiske, Helen

Voss, Sally Groat and Millie Luehr. After lunch the ladies returned to the Luehr residence and canasta was enjoyed by all.

Leona Malley and Anne Christensen returned home Friday, May 18, after spending the past eight months in Florida.

Helen Severson and Ida Creighton were hostesses at a bridal shower given last Friday in honor of Anne Matson. Twenty-eight guests were present and the bride to be received many beautiful gifts.

Valdimer Peterson and Norma Larson have returned home from the hospital and are recuperating at their homes. George Pinnicks has also been released from the hospital and will be guest of the Weismantels.

The Lake Villa Woman's club had a pot luck supper at the home of Mrs. Ralph Sanders. Hostesses were Bea Cribb, Myrtle Weismantel

and Bunny Sanders. Later in the evening officers were installed by Rev. Gerald Robinson of the Lake Villa Community Methodist church.

Shirley Carlson and family and Laverne Bushnell and family were luncheon guests of Lorraine Severson.

Spring rains cut down a driver's visibility. Surveys show one out of eight traffic deaths occur because a driver's vision is obscured. The Chicago Motor Club asks motorists to reduce speed when it's raining to compensate for the loss in visibility.

YOU CAN TAKE IT with you.
In each of Ford's six Station Wagons,
folks and cargo both ride in roomy comfort.

In wagons, too, FORD goes FIRST!

Take your pick of America's best-selling station wagons . . .
each offering performance that has made
Ford the world's largest-selling V-8

When you choose a Ford Station Wagon, you get the best station wagon value. And sales prove it! In 1955, for the fifth straight year, Ford sold more wagons than the other two low-price makers combined!

Here's a sample of why folks choose Ford:
"I like the way I can change my six-passenger Ford wagon from a 'hauler' to a 'cruiser' in just three seconds flat—and that's no exaggeration!"

"What I appreciate is the room in my eight-passenger Country Sedan. With nearly nine feet of space, I can tote a half-

ton of cargo or half a pack of cub scouts!"
"My Ford Custom Ranch Wagon does something I never thought any wagon could do: gives me as comfortable a ride as I get in our family sedan! And I appreciate its scuff-resistant upholstery, too."

"I chose a 225-h.p. engine for my Ford wagon. And what a performer! It whisks me from 'whoa' to GO in less time than I can tell it!"

Why not Test Drive your pick of Ford's six double-duty dandies? Whether you choose 2 doors or 4, seats for six or eight, you'll go first when you go Ford!

In Performance . . . Safety
. . . Economy

FORD goes first!

Now! A Ford with air conditioning costs less
than many medium-priced cars without it!
Try one today!

Driving Tips

The warming May sunshine, which comes as a welcome aftermath to the cold April showers, is sometimes a menace to motorists, warns the Chicago Motor Club.

The eye is slow to adjust itself after being exposed to the sun's rays. It is often difficult to distinguish objects after an unexpected look into the glaring sunlight.

The Motor Club points out that in a three-second interval required to regain normal eyesight after sun exposure, an automobile will cover 90 feet traveling at 20 miles per hour.

The blind spot of a few seconds is the danger period. In this brief time, a car could pass in front of your car. Perhaps the car in front of your car might stop suddenly.

A child could run across the street

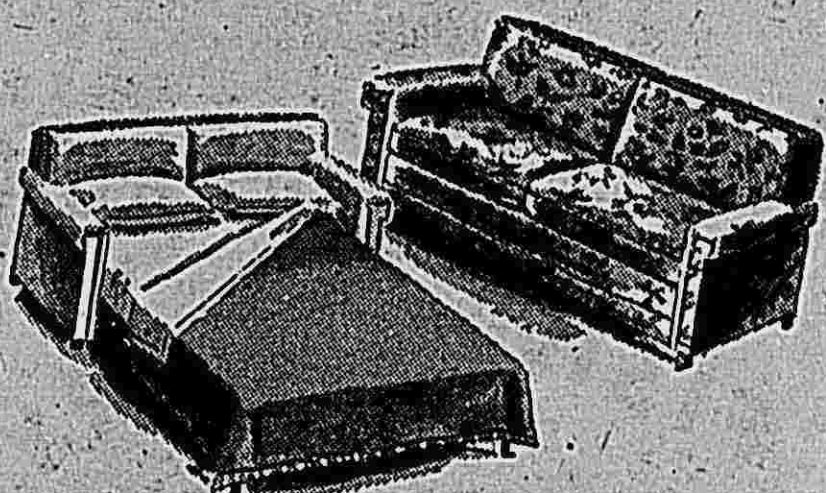

in front of your car, or your temporary blindness might cause you to slip through an automatic traffic signal.

A driver's most important protection against such mishaps is to decrease speed accordingly when caught in the glare of the sun. In addition, the motorist should:

1. Use the built-in sun visors provided by automobile manufacturers.
2. Wear proper sun glasses.

It seems licensed drivers make better pedestrians than those who don't drive. Recent studies showed that nine out of 10 adult pedestrians killed in traffic are non-drivers. The Chicago Motor Club says that this probably is due to the fact that drivers realize both the capabilities and limitations of automobiles better than non-drivers.

I'm a yield-boosting
side-dressing, too!

ARCADIAN® 12-12-12 dissolves quickly in the soil to feed your corn well at side-dressing time as well as in plow-down or starter applications. This granular, free-flowing, concentrated plant food provides balanced growing power to make your corn get up and grow extra bushels for bigger profits. Rich in nitrogen, phosphorus and potash, ARCADIAN 12-12-12 also contains cal-

cium, sulphur and valuable minor elements. The firm, non-dusting granules flow freely through any side-dressing unit or any other spreading equipment, with no skips, no bridging, no gaps in growing power. ARCADIAN 12-12-12 is made to make corn and other crops make money.

Only The Year-Ahead **CHRYSLER** brings you the
FIRST FULL-SIZE 4-DOOR HARDTOP!

MORE HEAD ROOM, HIP ROOM, LEG ROOM THAN ANY OTHER 4-DOOR HARDTOP

Dotted line shows the short roof typical of other 4-door hardtops. This means cramped head and leg room. Solid outline shows Chrysler's longer roof.

Other 4-door hardtops have short rear windows, indicated by broken line above. Chrysler's windows extend all the way to the back of the rear seat.

Chrysler's longer roof, greater room, and better visibility are the result of two-part roll-away window. Rear segment rolls forward. Forward segment down.

All the airy openness of a racy convertible... and the full size and comfort of a big sedan. That's the Chrysler 4-door hardtop.

You can get in and out as easily as in a sedan because the entrance area is full width. And you get full vision because the rear window comes all the way to the back of the rear seat.

Chrysler's ingenious new roll-away action rear window is the secret. It permits a full-size roof, and the rear seat is back where it belongs.

Best of all, this 4-door hardtop has all the YEAR-AHEAD features that make the "PowerStyle" Chrysler the success car of 1956! See it now!

Glass-Lined Planet Was Once Out in Space

WASHINGTON—There probably once was a glass-skinned planet the size of the earth which moved around the sun in an orbit between those of Mars and Jupiter. Now the earth's surface is strewn with millions of fragments of this planet's glass surface.

The sun's tenth major satellite was smashed to bits in a collision with another planet—perhaps its twin moving in the same vast emptiness of space—or one of the moons of Jupiter.

This is the interpretation offered by Ralph Stair, of the National Bureau of Standards, of the so-called tektites, or black-green "diamonds," found in various parts of the world. Mr. Stair's account was recently published by the Smithsonian Institution.

Tektites have been known since the time of man. Primitive races used to make arrow points from them or used them for decorations. The great smash, however, could not have been very long ago in cosmic history, for none of the fragments are found in ancient geological strata.

It is not unlikely that the earth itself was once at least partially "glass-shelled." Through various processes, the shells were changed into the present sedimentary rocks. That the glass fragments, weighing from fractions of an ounce to several pounds, are of extraterrestrial origin, Stair concludes, now can be accepted as a virtual certainty.

New Uses for Magnesium Salts

CHICAGO—Magnesium salts—used to prevent "grass staggers" in cattle after early spring grazing—may also help overcome delirium tremens in chronic alcoholism, according to a report by the American Medical Association.

The normal adult human body contains less than an ounce of magnesium, but a deficiency can produce muscle twitching, excessive nervousness, tremor, delirium, and even convulsions. Dr. Edmund B. Flink, Minneapolis, said in the report.

The human symptoms are similar to those produced in cows, calves and horses suffering "grass staggers," a magnesium deficiency illness usually occurring one or two weeks after the livestock begins grazing on new spring grass. Symptoms of "grass staggers" include nervousness, restlessness, grazing away from the herd, lack of appetite, muscle twitching, unsteady gait, spreading of the hind limbs, gnashing of teeth, a wild look, and constant lowing.

Chronic alcoholism appears to be an important cause of magnesium deficiency symptoms in humans, Dr. Flink said.

New Bird Fossils Added to Known List

WASHINGTON—There are now more than 400 fossil birds known from North America and the West Indies—less than half of which are represented by extant species.

They range from the grotesque, toothed flying creatures of the days of the giant dinosaurs to the more recent fossils which cannot be distinguished from some of the common song birds of today.

A checklist of all birds of this area of which fossil traces have been found has been compiled by Dr. Alexander Wetmore, Smithsonian Institution research associate.

For the most part bird fossils are quite fragmentary. Birds, with their light bones and aerial way of life, are much less likely to be preserved in fossil form than heavier-boned earth-bound reptiles and mammals. Almost 100 species, however, have been added to the previously known list in the past 15 years.

African Rats Walk Upright Like Man

WASHINGTON—"Rats that walk like men" and many other small mammals of the North African desert have been added to the mammal collections of the Smithsonian Institution. They were collected by Dr. Henry W. Setzer during an expedition to Libya in search of mammals that serve as hosts of insect parasites and disease carriers. The country is largely desert, and its mammals are nearly all small creatures adapted through millennia for survival under desert conditions.

The biped rats are the jerboas, animals 7 to 8 inches long with big bushy tails, which ordinarily progress on their hind legs, somewhat after the fashion of kangaroos. They are probably the best-known creatures of the northern desert.

Better Service

KALAMAZOO, Mich.—The Kalamazoo Police Department has added two uniformed women officers to provide change for motorists using parking meters.

But it is not completely a public-service proposition—since the women are also authorized to issue parking violation tickets.

Millburn

Mrs. Frank Edwards, Correspondent
Phone Eliot 6-3323

Regular services at Millburn Congregational church May 27 include Sunday School at 9:30 a. m., and church services at 9:30 and 11 a. m. There will be confirmation and communion at the 11 o'clock service.

Twenty-five members and friends with Mr. and Mrs. Paulsen of the Pilgrim Fellowship enjoyed a picnic at Petrifying Springs Sunday afternoon.

Baptismal services were held for Mark Robert Denman, son of Mr. and Mrs. Robert Denman, and Donald Allen and John Henry White, sons of Mr. and Mrs. Homer White at the Sunday morning service.

The Devotional Study group met this (Thursday) morning at 9 a. m. to 11 a. m. at the home of Mrs. Harley Clark.

The Pilgrim Fellowship members surprised the Rev. L. H. Messersmith with a birthday cake and gift at his home Sunday evening.

Mr. and Mrs. Earl Kane and family of Mundelein, Mr. and Mrs. Kenneth Denman, Mr. and Mrs. Milton Bauman and daughters, Mr. and Mrs. Frank DeYoung, Rev. and Mrs. L. H. Messersmith and Mr. and Mrs. William Upton were Sunday guests of Mr. and Mrs. Robert Denman.

Mrs. James Lahey, Mrs. William Paulsen, Mrs. Floyd Stephens and Mrs. John Gomez met at the home of Mrs. Kenneth Young Tuesday evening. Plans were discussed for the school picnic to be held at Hingston Park June 3.

Mr. and Mrs. Charles Lucas spent Sunday evening at the Robert Nelson home at Round Lake.

Mr. and Mrs. Clayton Engh and family of Wadsworth spent Sunday

evening at the Harley Clark home. Don Voightlander of Kenosha was a dinner guest at the Herbert Graham home Sunday.

Twenty-five members attended the Couples club last Tuesday evening at Millburn church. Hosts for the evening were Mr. and Mrs. L. H. Messersmith, Mr. and Mrs. Frank Edwards and Mrs. Carl Anderson. A silent auction also was held.

Mrs. Herbert Messner, Mrs. James Cunningham, Mrs. Charles Lucas and Mrs. Ray Laursen enjoyed a

trip to the Arboretum and saw the tulips and lilacs at Lombard last Tuesday.

Mr. and Mrs. Joseph Strohal and Mr. and Mrs. Charles Lucas were dinner guests at the Wm. Brinker home in Chicago Monday.

Memorial Day services will be held Wednesday, May 30 at 2 p. m. at Millburn cemetery. The speaker will be Navy Chaplain Norman E. Winterhoff. Mr. and Mrs. Howard Bonner have charge of the program exercises.

Biggest-capacity Pickup in half-ton field. New 8-ft. box on 118-in. wheelbase at low extra cost.

New F-600 "2-tonner" offers many long-life features including sodium-cooled exhaust valves.

Courier Custom Delivery. Styled like the new Ford cars. Fordomatic Drive available.

Ford C-900 with 212-h.p. V-8 has 4-barrel carburetor and dual exhausts to give you power when you need it.

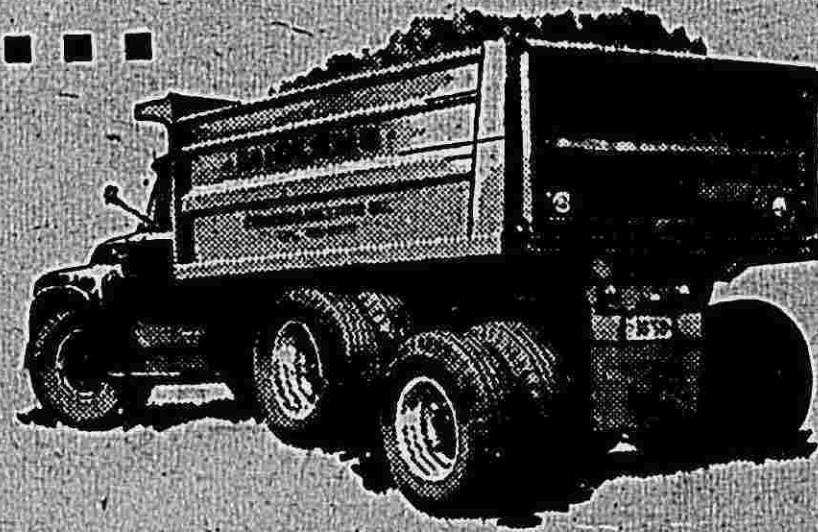

BEFORE YOU BUY

any truck... check

Ford for price, for dependable performance, for low upkeep and remember...

P-350 Parcel Delivery handles bodies up to 450 cu. ft. capacity. Fordomatic Drive, power brakes available.

Factory-built tandem-axle T-800, 42,000 lbs. GVW, 65,000 lbs. GCW. Choice of two V-8's with up to 212 h.p.

FORD TRUCKS COST LESS!

Ford has the lowest-priced truck line. A comparison of factory-suggested list prices shows that Ford has more models priced under competition than any other line.

But low initial cost is only one of the reasons why Ford's cost less. Take resale value. Any used-truck dealer will tell you there's always a good market for a Ford. That means a higher trade-in allowance.

Operating costs? Only Ford gives you the oil and gas economy of a modern Short Stroke engine in every truck, V-8 or Six. And Ford Trucks cost less to maintain because they're built stronger to last longer. Using latest data, life insurance experts prove Ford Trucks last longer! See for yourself why Ford Trucks cost less—yet give you far more for your money.

Buick SUPER 6-Passenger 4-Door Riviera

When it purrs, you reign

YOU CAN hardly hear its whispered might—but man, you sure can feel it.

It's power almost without limit—power that humbles the hills, melts the miles, makes you monarch of all you survey.

For this is a new Buick—a '56 Buick—sparked by the most potent engine in Buick annals—a 322-cubic-inch V8 with a crackling high compression of 9.5 to 1.

But what makes you feel even more like boss-man of the highway is the great new advance in Variable Pitch Dynaflo.*

First time you tickle the gas pedal you'll know what we mean.

Now—smack in the top inch of gas pedal travel—right where you save gas every turn of the wheels—you get a swift, sure and supremely positive new getaway response in an instant.

For smooth and nimble performance—for sheer mastery in traffic—nothing like it ever was.

And that's just part of it. When you need a still greater flow of get-up-and-go for safety's sake, you merely switch the pitch and you zoom out of tight spots.

So come rule the roost in this '56 Buick.

Come drive a car with 127 gorgeous inches of wheelbase to give it regal room and a ride that's fit for a king.

Try out Buick's new steering—new center-grounded brakes—new direct-acting shock

absorbers with triple the former volume of jounce-cushioning oil.

Learn how it feels to boss a car that looks like royalty and acts the part to perfection.

We promise—you'll practically purr with delight at the wheel of this dazzler—especially when you discover how easily you can make it your own.

What do you say—shall we expect you today?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

NOTICE OF SPECIAL ELECTION

Notice is hereby given that on Tuesday, the 12th day of June, 1956, an election will be held in School district Number 36, Lake County, Illinois, for the purpose of electing a Board of Education to consist of seven members.

For the purpose of this election, said entire School District shall constitute a single election precinct, and the polling place for said election is the Grass Lake School located on Grass Lake road in said School District.

The polls will be opened at Twelve o'clock Noon and closed at Nine P. M., Central Daylight Saving Time, of the same day.

Dated this 14th day of May, 1956.
(Signed) W. C. PETTY,
County Superintendent of Schools.

Hickory Corners

Mrs. Wm. Thompson, Correspondent
Tel. 583W2

The Hickory school children, their teacher Mrs. Frank Royer, and several members of the Mothers club went to Milwaukee on Wednesday by chartered bus. They visited the Washington Park zoo and the General Mitchell air field.

Miss Vivien Bonner of La Grange spent several days of last week at the home of her niece, Mrs. Russell Doolittle. She also visited relatives at Millburn.

Pvt. Gerald Hunter arrived home early Sunday morning on a three day pass from Chestertown, Maryland.

Miss Ella Winters was a week end guest at the home of her sister, Mrs. Oscar Finkel. She is leaving Tuesday, May 22 for Bailey, Calif.

Mrs. Wilson King and children and other school children from

Newport Community school and their mothers spent Friday at Racine, Wis. They visited the post office, the co-op Dairy and the zoo. Mrs. William Richards returned home from St. Therese hospital, Waukegan, on Sunday.

The Misses Jane, Evaleen, and Arne Hanna of Waukegan visited their cousin, Mrs. William Welch, on Sunday afternoon at her home. Miss Lois Singletary of Zion, visited Mrs. Fred Leable on Friday.

Mr. and Mrs. Robert Irish drove to Abbottsford, Wis., over the weekend and visited Mr. and Mrs. Arthur Irish. Mr. and Mrs. Richard Irish of Abbottsford came down and attended the reunion of Richard's class of 1946 of Gurnee High school, held in Waukegan Saturday evening.

Hart Webb of Kenosha was a Saturday morning caller at the Curtis Wells home.

Mr. and Mrs. Lyle Harris and three daughters from Whitewater, Wis., were Sunday afternoon and

supper guests at the Wilson King home.

Mr. and Mrs. Carl Zello and Mr. and Mrs. Ben Zello and children of Milwaukee were Sunday dinner guests at the Richard Wells home.

Mr. and Mrs. Alfred Pedersen of Chicago were Sunday afternoon visitors at the Curtis Wells home.

Sunday evening callers were Mr. and Mrs. Warren Wells and son of Gurnee.

Mr. and Mrs. Oliver Hunter and daughter, Rita, of Kenosha were

Sunday afternoon callers at the Wilbur Hunter home.

Mr. and Mrs. Fred Leable spent their daughter, Mrs. Blanche Alver, Sunday in Kenosha at the home of son.

How to make rough and rugged work easy!

The speed of the modern ELECTRIC ranges!

25% faster than 5 years ago—

today—nothing cooks faster!

Perfect roasts every time!
That's the kind of results you
can expect with G.E.'s new
electric meat thermometer.

Hot coffee in 1 minute! With today's speedy electric ranges, you can make a cup of instant coffee in one minute. Shown here is a new G.E.

In recent years, electric ranges have undergone some very remarkable changes.

From the great electrical research centers have come new high-speed surface units that transform electricity into cooking heat in seconds.

But today's electric ranges also keep your kitchen an average of 10 degrees cooler. (And about twice as clean!)

To this add the "new idea" features of modern electric ranges... automatic timers, rotisseries, deep-well cookers. See them at your dealer's soon. Learn how little it takes to own a new electric range.

BIG SAVING—We Pay Part of Your Range Installation Cost!
Need new wiring to install your electric range? We share the cost with qualified home owners in 1, 2 and 3-family dwellings. This can cut your expense by about half. And you get more than a money saving! This new wiring helps improve your TV picture, brightens lights, makes everything work better. You can also install a 240-volt electric dryer, water heater or air conditioner quickly and cheaply.

See your electric appliance dealer
